Cookies Muffins Brownies Belgian waffles ...**

Bali **Eco** Deli, JL Raya Jungut Batu, Nusa Lembongan. See map & directions on the back.

## Just a few words about us

BALI **ECO** DELI is a small & cozy café located on the main road, in the heart of Nusa Lembongan, behind the small village and busy beach of Jungut Batu.

Here we serve proper Espresso & mixes (warm or iced variations of Latte, Cappuccino, Mocha & Caramelatte) with home-made & daily baked treats such as cookies, muffins, brownies or Belgian Waffles. Fresh slow juiced fruits (100% fruits & nothing else !), premium teas (warm & iced) & home-made chillers are also part of our menu.

Because we try to be eco-responsible, most of the ingredients we use come from Indonesian fair-trade organic farms & none of them contain palm-oil ... meaning we use 100% cocoa butter chocolate in our recipes : yes we do ... and it's not only good for the planet but it really tastes much better :)

In addition, we are happy to collect plastic bottles & bags, Tetra-Pak (milk & juices carton boxes) and used batteries from our guests or during clean-ups & transport them to mainland Bali for recycling. 90% of the wastes we produce when cooking, preparing drinks & serving them are composted. The remaining is sent mainland for recycling.

Finally, all the take-away containers we use are eco-friendly : they are made from natural & biodegradable material ... but still it's not a reason to abandon them !

At the end we are proud to devote a significant amount of our profit & time to help making Nusa Lembongan a cleaner island and to be able to serve coffees, cakes & juices in Paradise :)

We don't like plastic but we care about the Nature ! Printed with soy ink on recycled paper. Please do not litter. Thank you :)

## Hot drinks
